BMW E9 speedometer

Large-print MPH ring / 3.5 in outside diameter

Print and test-fit

Print on US Letter at Actual Size (100%). Measure the line below before cutting.

Cut along both edges and test-fit on the gauge glass.

Check that the wider band clears the factory markings you want to keep visible.

Check 50 mph near 80 km/h and 100 mph near 160 km/h before using adhesive stock.

3.5 in / 88.9 mm
