

You'll get more mileage between waxings.

**Safely pick up dust with one swipe.**

There are microfiber car dusters, and then there is THE Griot's Garage Ultimate Microfiber Car Duster. Others just push the dust around your surface; ours actually picks up the dust and holds onto it! We've taken the hand-held car duster to the next level by adding microfiber and some good ol' Griot's Garage ingenuity to the equation. Our microfiber duster is designed to lift and trap dust and debris away from your paint. You'll know it's working as the white fibers turn a dusty black. We've wrapped the handle in foam to add comfort and safeguard against inadvertent scratches. Measures 25" long, includes a storage bag, and is hand washable.

**11379 Ultimate Microfiber Car Duster \$24.99**

**NEW!**

**Detailing magic that won't catch or crumple.**

Do you hate it when you're wiping down your car and the towel crumples or catches and your hand slips off and puts smudges everywhere? Meet the answer. This towel is a unique 16" x 9" size that's the perfect thickness and working area when it's folded in half. Made with leading-edge materials, these PFM towels feature an innovative long-loop terry weave that safely pulls light dust, dirt, and debris away from the surface in a third of the time compared to conventional microfiber. These towels work great with Speed Shine, Spray-On Car Wash, and other spray-and-wipe products.

**55526 PFM™ Detailing Towels, Set of 3 \$19.99**

**"Love This Stuff!"**

*"I have a black Challenger and I use this after every wash/dry... it really makes a difference. It removes stray water spots and gives the car a great shine. At the top of my list of best car care products I've used." — Porknozzle*

1. Wash thoroughly and rinse.

2. Spray liberally onto surface.

3. Towel dry for a perfect shine.

**Enhance your wash-to-wash protection.**

Think of Spray-On Wax as a base wax enhancer that extends the time between major waxings. Quick and easy, Spray-On Wax is a great option when you need to bump up your gloss but you don't have time to break out the big tools and give your vehicle a complete wax job. Use Spray-On Wax after each wash and Speed Shine® between washes to keep your ride looking sharp.

**Spray-On Wax:**

**10962 22 Ounces \$13.99**  
**11097 One Gallon \$39.99 Save!**

**11098 35 Ounces \$18.99**  
**11084 8 Ounces \$4.99**

**Down and dirty wipe-down towel.**

Dry and clean those tricky, hidden, dirty areas of your vehicles with this super-absorbent, 18" x 24" towel. Our classic, waffle weave pattern holds a ton of water.

**11239 Tim's Dirty Spots Microfiber Wipe Down Towel \$7.99**

**Enhance your shine.**

**11385 Complete Spray-On Wax Kit \$69.99 Save \$15.97!**
