

from the Editor's Desk...

A new year and a new decade have begun and will be written as a cornerstone in the history of time. Traditionally the new year is a time of change. That holds true for our club, as well. We'll be setting a new calendar of events and holding elections soon.

National election ballots will appear in the February 1990 "Roundel". The upcoming National BMW CCA presidential election will greatly affect and bring change to the club. The current issue of Auspuffanlage contains statements from candidates running for the position.

Your vote will count,
so let your voice
be heard.
